MACRI IGNACIO

SUMMARY

I have more than two years of experience working with efficient and scalable software solutions in both web and desktop environment. I can easily adapt and learn other programing languages. I am skilled in API integrations and building software for users. I am all about improving the user experience.

WORK EXPERIENCE

Software Engineer, Macri SA   **Jul 2022 - Present**

In this role, I was responsible for developing and testing software for the clients. fulfilling their requirements. I consistently maintained systems in compliance with industry standards to ensure security in the database and the programs I make.

Achievements
- Managed project timelines, reducing delivery times by 10%.
- I am constantly delivering software projects on time and fulfilling the requirements.
- Implementation and creation of API's with oAuth2.
- Gathering and fulfilling software requirements.

SKILLS

My soft skills include teamwork, problem solving, time management, perseverance, and willingness to go the extra mile, as well as a good adaptability.
I can speak Spanish and a fluent English B2.
My programing Stack is VB.NET or C#, SQL Server, React although I know Python and Java.

EDUCATION

Computer Engeneering   **Mar 2023 - Present**
UADE
- Software Requirements.
- SQL and NoSQL.
- Communication / Teamwork.
- Programing.
- Test Automation .
- APIs.
- Source Control.
- Agile Methodology.

Machine Learning Specialization   **Jun 2023 - Oct 2023**
Standford Online
- Specializes in supervised learning (Regression and classification).
- Specialization in unsupervised learning (clustering).
- Neural networks.
